## **RoHS Declaration Roxal Nederland BV**

Roxal Nederland BV can confirm to the best of our knowledge, by means of information submitted to us by our upstream suppliers, that our products and their variants are manufactured and supplied in accordance to European RoHS regulations and do not include any of the banned or restricted substances at or beyond the specific guide concentrations.

This declaration applies to the product as it leaves the production facility and does not cover any alterations made further down the supply chain.

The information provided to us is based on trust and provision of supplier declaration, inhouse testing is not carried out by Roxal Nederland BV.

This declaration will be updated when necessary.
